"Introducing a large amount of supportive/subsidized housing to camh's site would work against other important priorities such as reducing the stigma attached to 1001 Queen Street West and MAXIMIZING CAMH'S FINANCIAL RETURN FROM THE LEASE OF NON-CAMH LANDS." From \$CAMH'S own PLANNING GUIDELINES!

Notice how the language of "removing stigma" is now used to justify REMOVING CLIENTS from the grounds. Aren't they saying, in effect, that CLIENTS HURT PROPERTY VALUES? What will they think of next? A new kind of "clientless" hospital? Now, that would be an innovation! A \$CAMHospital! Any ROOMS FOR RENT, in Parkdale?

*Absolutely shockless and painless, overcomes nervousness, banishes aches and pains, renewes the vigor of youth and builds healthy, well-developed bodies*

Thousands of volts of stimulating, up-building, high frequency electricity—as painless and pleasant as a ray of sunshine—can be sprayed into any weak, diseased or under-developed part of your body. Instantly you will feel its healing, strengthening, tonic effect. You will feel the warm, fresh blood surge to the treated part, bringing with it the tissue-building and disease-fighting forces that Nature provides. Poisons and diseased tissues will be washed away, pains and inflammations relieved and the part treated will be nourished and strengthened. It literally helps Nature build new BRAINS!

## The TEMERTY BRAIN STIMULATION PORTA-ZAPPER!

makes it possible for you to secure the benefits of this wonderful treatment at home. The simple, durable and efficient Portazap Generator takes current from your light socket and transforms it into the life-giving, health-building rTMS Ray, that penetrates and saturates the entire body. It increases the oxygen content of the blood, increases the number of germ-fighting white corpuscles

and sends the blood coursing throughout the body with renewed vigor. It aids the digestive process and the assimilation of food. It helps Nature throw off waste products and poisons. It stimulates every organ to healthy, normal activity.

- 1) F\*\*\* off and DIE for all SCAMH really CARES, as long as you send them the MONEY. More specifically, you can -
- 2) Shut up. Since this has SOMETHING to do with MENTAL HEALTH you should probably pretend you're under a CTB, then you can
- 3) Get drunk, which you probably already are, but BETTER you're on the CUSP of a BREAKTHROUGH, so ENJOY YOURSELF, then
- 4) Pass a LOT of GAS (FART). It's OK because you're now a SCAMH BRAIN DOCTOR just like CATHERINE ZAHN, HHHHH.
- 5) THINK about CATHERINE ZAHN, how MARVELOUS she is because the IABC(?) give her a prize for saying the DARKEST THINGS to -
- 6) REPEAT some CATHERINE ZAHN SAYINGS - right NOW! Slowly at first then faster and FASTER! Say -
- 7) "We ARE on the CUSP of a BREAKTHROUGH, We ARE TRANSFORMING LIVES, We ARE a MOVEMENT in a NEW ERA for MENTAL HEALTH and - however -
- 8) "There IS every REASON for HOPE, because HOPE IS A MOVE- MENT!" at which point you can -
- 9) Take the Biggest DUMP EVER - because - just like the DEAR LEADER - you - TOO - are
- 10) FULL of SHIT. Finally, you can
- 11) WIEF YOUR ASS and GO HOME (having "CURED" Mental illness).

One of the things I was told when we were building our facilities is that one of the architects asked somebody, 'What do people with mental illness like?' And the answer was, 'The same things you like — what are you talking about? These are human beings who like the same comforts and luxuries as you do.' They're functioning on a level where they're trying to get by; what can we do to make life better [for them]?"

When a patient checks into the youth psychosis prevention clinic at the Centre for Addiction and Mental Health, Dr Romina Mizrahi asks a series of standard questions. One is: "Do you smoke marijuana?"

Often, the answer is: "Yes. Regularly."

For teens, who are even slightly vulnerable, heavy use of marijuana puts them at risk. That's why Mizrahi urges them to stop smoking pot.

# Catherine Zahn: mental health proponent

BY COURTNEY SNEAD

One of Dr. Zahn's goals as president and CEO of the Centre for Addiction and Mental Health (CAMH) is to shift the spotlight from mental health issues. Her recent "Communicator of the Year" award (handed out by the Toronto chapter of the International Association of Business Communicators) suggests she's doing a darn good job. We sat down with Zahn to discuss stigma, celebrity addicts, and CAMH's recent influx of corporate support.

# Our New CEO

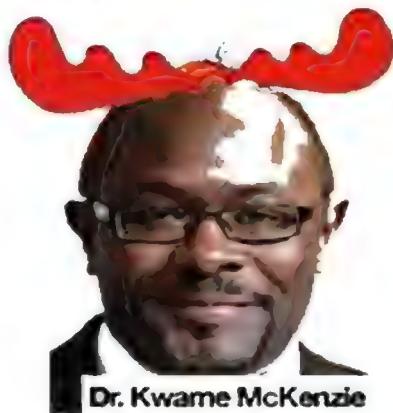

At the end of March 2014, Dr. Kwame McKenzie joined the Wellesley Institute as its new CEO.

I think you are incredibly fortunate to have Kwame McKenzie as new CEO of the Wellesley Institute. It wasn't easy to find a suitably remunerative research job in this mean and provincial capital, but you persevered and the result was worth it for Kwame. And how deliciously ironic that your meanness and squalor shall be researched by one so media friendly, slick and stylish. Surely it will help you to endure your poverty, just knowing that Kwame McKenzie is researching it, from his plantation in Lindsay.

Kiss me.

At the end of March 2014, Dr. Kwame McKenzie joined the Wellesley Institute as its new CEO

“

I believe Toronto is very fortunate to have an organization like The Wellesley Institute and leading the institute through this next period of growth is a real privilege. Good health is something that all Torontonians want for themselves and their community. I want to place Wellesley Institute at the forefront of understanding how social, environmental and economic forces shape the health of Toronto residents.

# Enhance recovery by improving access to integrated care and social support

CAMH is reorganizing our clinical programs and our approach to care. We will build care pathways designed to meet the clinical and social needs of patients.

We will make it easier to access services at CAMH and improve transitions within CAMH and between CAMH and community-based service providers. Patients, families and care providers will know how to find care and services.

## AIMS:

Demonstrate the effectiveness of our work

# Earn a reputation for outstanding service, accountability and professional leadership

Excellence will be our starting point at CA&H. We intend to build a quality and service-oriented workforce grounded in lifelong learning and continuous improvement.

We're investing in our people at CA&H, and focusing on developing, studying and evaluating high-performing teams. This starts in clinical care and will extend to every part of CA&H.

## AIMS :

Professionalism,  
collaboration, service  
and system leadership  
are guaranteed

# Build an environment that supports healing and recovery

CAH is building a progressive 21st-century academic health science centre - a safe and welcoming environment that is respectful and accessible for patients, family, staff and visitors. Our environment will promote collaboration, knowledge exchange and integration.

Through system partnerships and community engagement we will contribute to a vibrant and healthy neighbourhood. A flourishing CAH campus will be a powerful weapon in the fight against prejudice and discrimination.

## AIMS ::

Enable evidence-based care through facilities, technology and infrastructure

## Ignite discovery and innovation

Scientists in the Campbell Family Mental Health Research Institute at CAMH are identifying the factors that lead to mental illness. We will advance focused research in clinical neuroscience, epigenetics, pharmacogenetics and novel therapies.

We will build on solid foundations in socio and epidemiological research to inform system enhancement, health promotion, public policy and knowledge exchange to help improve the health outcomes of all Ontarians.

# Revolutionize education and knowledge exchange

A CAAH Education Strategy will guarantee that we all learn and teach. We will foster excellence and innovation in teaching, workforce education and interprofessional collaboration while advancing research and scholarship in mental health education.

Enriching the CAAH student experience will draw learners from every field as we break new ground in interprofessional education, mental health promotion for children and youth, and patient and family education.

## AIMS:

- Drive innovation through education research and scholarship

# Drive social change

CAJH will communicate evidence-based policy and advocate with sensitivity and impact. We will respond to mental health priorities in our environment and respect the priorities of our patients, families and other stakeholders.

We will partner with the CAJH Foundation to build public awareness of mental illness and addiction. Through a provincial mental health strategy, we will partner with government and service providers across Ontario to build an accessible, equitable and effective mental illness and addiction system.

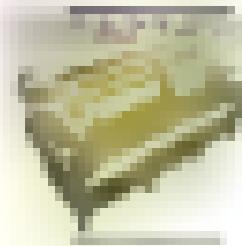

## AIMS ::

Fight prejudice and discrimination through partnership and engagement

~CAMH CEO Catherine John

Defeat denial  
Defeat CAMH  
It's a brain disease!

SCAMH has been led down the WRONG track by CEO Zalg. She has "transformed" herself into an overpaid Cheerleader for brain disease, and SCAMH employees into placard bearing groupies. There is now, partly because of this, a radical disconnect between SCAMH "pr" and the reality of so-called "community mental health" – aptly illuminated by the ruinous state of Archway Clinic here in Parkdale, where most of the workers, who should be facilitating community mental health, are placed on seven-month contracts (so prevented from developing meaningful relationships with their clients), and forced to spend more and more time merely inputting information into an inefficient system for billing purposes. Meanwhile clients whom full-time staff have known for many years are referred away, as services are dumbed down and devoted instead to what the corporation euphemistically calls intensives, evidently not considering that the clients they flush off are thereby more apt to become intensive themselves.... The reality of community mental health at SCAMH is increasingly a COMMUNITY TREATMENT OF ORDER....

Thanks, Catherine Zalg....

Now we know that the Order of Canada is bestowed not for what you do but for what you disguise.....
